Letter of Recommendation

To Whom it may Concern,

The Health Cluster in Yemen hereby affirms that Building Foundation for Development (BFD) has been an active member of the Health Cluster since 2015.

BFD has an active presence in a number of governorates and districts all over the Republic of Yemen providing a wide range of health services. BFD has provided support such as mobile clinics, support to health facilities, and has been at the forefront of the Cholera and COVID-19 response in Yemen.

Services provided by BFD range from Primary Health Care services through MSP projects, Cholera and COVID-19 emergency response in high priority districts and governorates, supporting general hospitals by providing secondary health services, and providing BEmONC and CEmONC services across Yemen.

Furthermore, BFD is an active member and participant in the Health Cluster at the national and sub-national levels at the hubs where the organization is present. BFD is also a member of the Strategic Advisory Group (SAG), RH working group, and the Quality-of-Care task team.

BFD is considered one of the prominent national organizations and has a well capable and professional cadre assisting in the implementation of their multi-sectoral programs.

This letter of recommendation has been issued upon their request.

Sincerely,

Dr. Fawad Khan
National Health Cluster Coordinator
Republic of Yemen
