

TO WHOM MAY CONCERN

Here to certify that BUILDING FOUNDATION for DEVELOPMENT (BFD) is an active high qualified partner of the SHELTER CLUSTER since 2018.

BFD staff are largely present in the field, mostly in Sana'a, Sa'ada, Al Jawf and Al Mahwit Governorates. The implementation of their activities is always well coordinated with the Cluster and conducted in professional manner.

BFD has been providing shelter assistance to IDPs and host communities in the aforementioned Governorates, consisting in distribution of emergency shelters (ESK) and household items (NFI), rehabilitation of damaged houses through cash grant, in alignment with Shelter Cluster strategy.

In 2020 BFD currently has planned the construction of Transitional shelters in Al Jawf Governorate, it is worth to mention that BFD experts have designed the proposed TS in close consultation with the Shelter Cluster on the criteria of environmental and social sustainability, considering the climate conditions, the environment, using local material at the most extent and engaging the communities for the endorsement.

As CCCM partners they are managing at total 38 IDP hosting sites in Sa'adah hub.

BFD attends meeting at national and sub national level and regularly reports the status of the projects' implementation of Activity Info Shelter platform.

BFD has integrated the PSEAE approach in their policy and considers gender balance in staff recruitment.
